Latest news on the IAC Console for NEC and NEC Channel Partners
from the desk of Warren Simon ...

IAC WebView Directory – Use it with OR without IAC Consoles!

“CTI is committed to providing high quality applications and support exclusively to NEC and the Channel to help you win and retain customers.”

IAC WebView Directory is a Simple, Cost Effective, Web-based Phonebook Directory for NEC Customers With OR Without IAC Consoles

- WebView is based on an IAC Database, but did you know WebView can be deployed even if the customer does not have IAC Consoles ?
- All of the IAC Directory Integration tools are available, including LDAP integration to Active Directory.
- The WebView screen can be customised with customer logo and colour themes, changes to search fields and screen fields displayed.
- For further information see attached documents or contact Warren .

NEC Stock numbers -
